

*Training for Persons with Disabilities*

## Are you an employer looking for talent to meet your warehousing needs?

Back in Motion and Universal Learning Institute have partnered to provide WarehouseAbilities, a skills training program for Persons with Disabilities. Graduates will be job-ready and certified in WHMIS, Occupational First Aid, Transportation of Dangerous Goods, Forklift Operator, Scissor/Boom Lift, and Fall Protection.

### How do we help?

- We provide Lower Mainland employers interested in hiring Persons with Disabilities with access to motivated and skilled individuals
- Training includes hands-on skills development in our training warehouse, so candidates will be prepared for work in a real warehouse environment
- You have the opportunity to trial potential candidates through work experience
- We work with your industry needs to match you with job-ready candidates for part-time or full-time employment
- We provide ongoing supports and job coaching after hire to ensure long-term success
- We deliver training to your staff on ways to promote a diverse workforce
- WarehouseAbilities provides services at NO COST to employers

If you are an employer looking for a skilled candidate ready to work in warehousing and would like to diversify your workforce, contact us to get started:
